\*DPI Type of North Korean carnival parade boat

IT'S A  
"TAECHONG-  
CLASS! EVERYBODY!  
ABANDON SHIP!

700

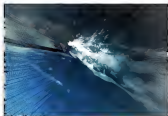

The year of 2023, Korea, Republic of.

ART-WRITING KIM JAE-HEE

The boat that appeared from our left  
first was an SR-1 Close Patrol Boat.

I couldn't believe that we were  
actually about to killed by a floating "boat".

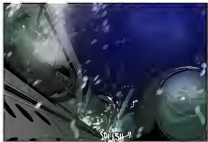

Captain Berk, even in the face death, did not lose his cool.

Every-  
one, keep  
calm and disengage  
the locks! We can  
get through  
this!

JUMP!!

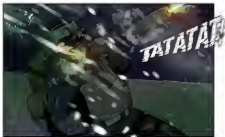

The same went for his team,

That  
damn search  
light... It's  
going to kill  
us all!

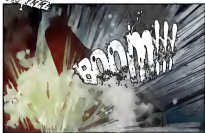

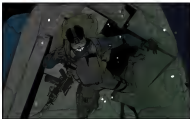

I CAN'T  
SEE THE  
TARGET!

ALL  
CANNONS FIRE  
ON THE ENEMY'S  
LAST KNOWN  
POSITION!

BLAM!

BOOM!

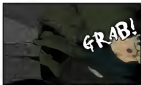

crash

shhh

Damn!  
Need to get...  
the mask...  
on!

As I writing Led Captain Parola machine...

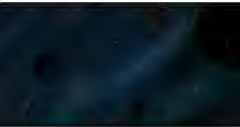

The rest of the team brought up the propellers.

It would take time for that  
patrol boat to search for us again.

The boat immediately reversed with  
astounded and quickly moved towards shore.

Shore

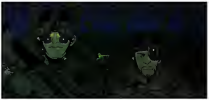

APR "Voyage to the USS Navy trial recording adventure in 'Fort Pharo'.

Location  
Bamburgh Point 4.

Everybody's  
here?

Alright, we did have some troubles back there but it's a miracle that we are all here in one piece. An angel must have been watching.

Anyways, that engagement did put us about one hour behind schedule so we will move towards Rendezvous Point B immediately.

Well, you take point. We are running cutting straight through the mountain.

Head.

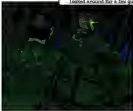

Sir, do you really think we will be faster than Kim Shin-jo?

Shut up, you cheap bastard!

It was just as I was told.

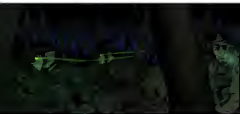

Except when our north, Won, looked around for a few quick seconds...

Park's team ran through the  
unforgiving terrain like it was their backyard.

8km from destination.

An hour didn't even pass when we reached our  
destination after running through the trail's last obstacle.

Take  
a look at  
this, Team  
Leader

"UAZs.  
12 o'clock  
What'd we  
do?"

APR "UAZ" becomes made people.

"We  
don't  
have time.  
Let'em  
pass."

No time to lose. Our "AR" will cover you. Move across the road.

\*100 Automatic rifleman

Obviously, we had no reason to attack the T&Es.

After waiting for about 90 more minutes, we reached our destination.

This is it.

Search the area.

We looked around the 200m radius, but couldn't find our contact or the intel.

Instead,  
we found  
this.

Shit. He  
was in the  
UAZ!

We were  
one step too  
late!

Looks like we have  
more troubles ahead.

Won,  
take point  
We're going  
after the  
UAZ!

We need to, at the very least, retrieve the body!
